Banquet

Suggestions for next year

- Need social media person for posting on Facebook-Angela Kallay volunteered
- Add a job description for positions needed

Coach

- Bus leaves at 3:30 for Friday game
- Have an hour to get ready and pregame once there
- Bus will be parked on south end of the stadium
- Seniors went undefeated on the Franklin field
- Practice has been going great
- Players are really excited about coach busses
- Few years since we've been in semifinals (since 2016)
- Thank you for supporting Coach Wiske this year-he is volunteering his time
- David our film producer should be paid more for this game and state since he needs to leave earlier-normal payment is \$60 per game; could we pay him \$150-all in favor at the meeting
- Lot of former players playing in college-a former quarterback will get his first start this weekend
- 7 players with a 3.7 or higher GPA-Coach apologized that he did not get the academic scholar team in in time
- While we are well represented in all conference teams, several players who should have gotten mentioned did not. One of the reasons for that may be because our player did not play entire games when our team was winning by a lot. Many players deserve higher awards than they got. Many players got all region and some will get all state. Franklin is very well represented.
- We'll be ready for Friday.
